# NEW PRODUCTS

The Forex Bots are incorporated into the Arbistar 2.0 Product Portfolio, each with different characteristics in order to provide greater coverage to the needs of our clients in a market other than Arbitrage, where regulated figures (BROKERS) and official money are used.

Pipster 1000 euros. (1 year renewable) / Pipster Plus 2000 euros (1 year renewable).  
FOR VIP LICENSES: Cost 0 and forever.

## Pipster :

Pipster EA can be described as a Grid strategy (making sure it is not Martingale). However, it has an implemented cover script that better protects the account of the big waves of the market. Coverage means that the EA goes long and short in the same pair at the same time. The EA uses the one minute time frame and can exchange multiple currency pairs. As indicators, apply the RSI and MACD rules.

## Pipster Plus :

For accounts that have more than 30k on investment. Pipster Plus can be described as a Grid strategy (making sure it is not Martingale). However, it has an implemented cover script that better protects the account of the big waves of the market. Coverage means that the EA goes long and short in the same pair at the same time. The EA uses the one minute time frame and can exchange multiple currency pairs. As indicators, apply the RSI and MACD rules.

# NEW PRODUCTS

Both the previous 2 Bots and these two that we present below, the client has absolute control of their euros / dollars, since the account in the Broker is opened in the name of the client and the bots are installed in those accounts.  
The 4 Forex EA (Expert Advisor) Bots are 100% automatic.

Trailer Bot 1000 euros (1 year renewable). / Ann Bot 1000 euros (1 year renewable).  
FOR VIP LICENSES: Cost 0 and forever.

## Trailer Bot :

The Trailer Bot is programmed to operate exactly as a price action strategy. Once prices start to rise or fall, this EA enters into transactions according to established rules. The main currency pair to operate is EUR-USD and can operate any batch size and any leverage. If you use the batch accumulator, this strategy can generate dazzling returns.

## ANN Bot :

It's a 100% automated forex robot. The robot is able to do trading on the most impact macro-economic news and also has a system that scans frequently (High Frequency) the tweets of the President of the United States Donald Trump. Such tweets have proved capable of moving markets at least in the short term. Our robot uses a system of morpho-syntax analysis of tweets to decide whether to open a trade or not and based on a back test of 8 years old.

# MORE PRODUCTS...

Our technological team is currently working on a SINGLE PRODUCT that consists of artificial intelligence and will operate in the commodities market. It consists of a neural network that is learning over time and also has a Learning Reading technology that is able to read and understand the news.

In addition, the forecast for 2020 is to offer our clients between 10 and 15 softwares that allow us to obtain constant passive profits with total control of their money in diverse markets and with different levels of risk.

All of them will commission in the Friend Plan that we detail below and that is for those customers who wish to sell the products to their network of friends and acquaintances. This is optional but it certainly increases the income of the customers who do it.

Arbistar<sup>2.0</sup>

Friend Plan

# Basic Gains

The Friend Plan is totally optional, but if you develop it you expect very important profits:

- \*\* 6% on the sales of VIP Licenses or any other software sold in your organization up to level 5 of your unilevel structure with no amplitude limit .
- \*\* 2% on the income of the contributions of the Community Bot of the members up to level 5 of your unilevel structure without limit of amplitude.

In addition there are 3 very lucrative BONUSSES that we detail below.

# Bonus 1.

The level unlock bonus.

When you receive personal sales (level 1) well be of Software or Community Bot contributions over 30,000 euros, the company unlocks levels 6 to 10 of your Unilevel structure. (remember that initially you have available earnings in your Unilevel structure from level 1 to 5.)

That gives you exponentially much profit more lucrative with a % of all the sales of hundreds or thousands of customers that you can have at those lower levels Unilevel earnings are paid every Saturday in Bitcoin.

01

# Bonus 2.

The Extra Direct Bonus will generate commissions for improving your first level of referenced friends (LEVEL 1) or direct sales.

For every 100,000 euros of billing in your first level, that is, personal sales, ARBISTAR 2.0 will pay you a 10% commission, that is, € 10,000 of commission paid in Bitcoin on the following Saturday of the qualification.

To collect it you need to make sales of Softwares worth 25,000 euros, and the rest (75,000e) of contributions to the Community Bot always at your first level.

When you repeat these figures, you can collect it again. Every € 100,000 of billing in LEVEL 1 you get € 10,000 of Bonuses paid in Bitcoin. (always with a minimum of 25,000 direct sales of software for each collection). So as many times as you get it without limit of times or time.

02

# Bonus 3.

The World Bonus is entered by people who reach a turnover of € 1,000,000 in total, to infinity without depth limits and with a turnover in Level 1 (direct sales) of € 100,000.

To obtain Bonus 3 you must have obtained Bonus 2.

This bonus will distribute 5% of the company's profits among those who meet these conditions. They will also allow them to belong to the World Club upon receiving trips, gifts, preferential treatment at events and recognitions.

It is paid in Bitcoin on the first Saturday of the month based on the earnings of the company from the previous month.

To be able to charge you, you must be qualified for a whole month. The month you qualify for the first time does not count toward collection.

03

# ArbiPayCard
